

Wall to Wall Raspberry Pi

Alex Goodyear, Colin Hogben & Adam Stephen, from CCFE
Thursday 14th November 2013 - 7:30pm
Oxford e-Research Centre, 6 Keble Road, Oxford, OX1 3QG

The accomplishments of the Raspberry Pi have by far exceeded the original project aims.
This talk is about the platform and its suitability for commercial development
using the PiWall project as a working example.

Raspberry Pi is a trademark
of the Raspberry Pi Foundation

The event is free.

Members and non-members are very welcome.

Tea and coffee is served from 7:00pm.
