

Meet “Britain’s Greatest Fraudster”

Thursday 5th December 2013 - 6:45 for 7:30pm
Rewley House, 1 Wellington Square, Oxford OX1 2JA

Tony Sales, Retail Fraud Uncovered

Tony was one of the UK's most wanted criminals, on the run for over six years, having stolen an estimated £30 million from retailers in online and instore scams. He is now a reformed character and a consultant to major retailers and banks helping defeat financial fraud. We live in an increasingly complex world involving many online and offline transactions from credit card purchases to mortgages and business financing. In this presentation, Tony uses his unique perspective to discuss how fraudsters select targets and commit their crimes, picking apart systems and then ruthlessly exploiting the flaws and human weaknesses. If you think that your personal and business assets are secure, then Tony will have you thinking again!

A Special Christmas Event with Mulled Wine,
Sandwiches and Mince Pies served from 6:45pm. The talk will start at 7:30pm.
